

How to Use the Quiz App

Step 1: Start the Quiz

- Begin by clicking on the "Start Quiz" button.

Step 2: Read the Instructions Carefully

- Take a moment to read the instructions provided to ensure you understand how the quiz works.

Step 3: Solve the Quiz Questions

- Read each question carefully and select your answer by clicking on the corresponding radio button.
- You have 1 minute to answer each question. A countdown timer will be displayed to help you track the remaining time.
- If you don't submit your answer within the time limit, the quiz will automatically proceed to the next question.

Step 4: Review Your Answers

- Upon submission, the correct answer will be highlighted in green, while incorrect answers will be highlighted in red.
- Take note of the feedback provided for each question.

Step 5: View Quiz Progress

- The progress bar displays the percentage of questions completed so far, helping you track your progress through the quiz.

Step 6: View Final Score

- After answering all the questions, your final score will be displayed.
- Take a moment to review your performance and reflect on your quiz experience.

Step 7: Try Again

- If you wish to retake the quiz, you can click on the "Try Again" button to start over.
- Repeat the process to improve your score or reinforce your understanding of the quiz topics.
